

WEXNER FIELD FELLOWSHIP &
WEXNER GRADUATE FELLOWSHIP/DAVIDSON SCHOLARS PROGRAM

COVID POLICIES FOR ALUMNI GATHERINGS

PRIOR TO ARRIVAL

All attendees are required to be fully vaccinated and to have received boosters as eligible.

Any attendee feeling unwell or experiencing COVID-related symptoms (cough, congestion, headache, fatigue, fever, etc.) in the seven days prior to the gathering should not attend, regardless of any test results.

Any attendee with a household member who is unwell or experiencing COVID-related symptoms should not attend, regardless of any test results.

PRE-GATHERING TESTING

All attendees should purchase and take two tests prior to the gathering. The tests should be taken as follows:

- **48 hours prior to the gathering: either a PCR test or a rapid antigen test available over the counter (e.g. BinaxNOW).**
- **Morning of the gathering: a rapid antigen test (e.g. BinaxNOW).**

Attendees will be asked to confirm that both tests are negative.

DURING THE GATHERING

If the CDC COVID-19 Community Level is HIGH:

- Attendees must wear masks at all times.
- Attendees should not congregate in close proximity to one another. A good rule of thumb is to have sufficient space to not bump elbows with one another.
- Snack or coffee break will either be canceled or revised to allow better physical distancing, as venue space allows.

If the CDC COVID-19 Community Level is LOW or MEDIUM:

- No masking or other physical distancing measures are required.

FOLLOWING THE GATHERING

Any attendee feeling unwell or experiencing COVID-related symptoms in the five days following an Alumni gathering should get tested for COVID and alert Stefanie Zelkind, Director of the WGF/DS Program (szelkind@wexner.net) immediately if they have a positive result.
